About Gift Nkuna

Gift Nkuna is a published author of inspirational books (Why You Are A Loser, and Seven Weapons That Defeated Goliath), an established motivational speaker, an inventor of inspirational board games and a developer of experiential learning material. Gift is the company's managing director.

What is *SuperPreneur*?

Packaged as an excellent simulation of the SMME sector, the SuperPreneur board game is a champion in exposing and discouraging habits and or practices that hinder business productivity, an excellent tool that encourages positive business principles and values, an intervention that horns an entrepreneur's negotiation and deal closing skills. Played by up to 4 people (aged above 12), the SuperPreneur board game session may last 120 minutes. It has been discovered through constant engagement of the target market that the only way players will get the best out of the game's content is when they have been taken through an orientation session by a licensed facilitator.
